SocketTV

UNBOXING THE CONTENTS

- Checking box contents
- Place Batteries in Remote
- Plugging in HDMI and Power Supply

1

Unbox and check the contents

1. UHD TV Streaming Device
2. Remote Control (batteries included)
3. HDMI cable (3.28 ft)
4. AC Adapter with cable (3.28 ft)

2

Open back or remote, install batteries and replace cover

Two (2) AAA Batteries, included

3

Plug the HDMI and AC Adapter into the UHD TV device

HDMI Cable

AC Adaptor (power supply)

4

Connect the power supply to an outlet

5

Connect the UHD TV device to your TV

Place the HDMI cable from the UHD TV device into an open HDMI port on the back of your TV.

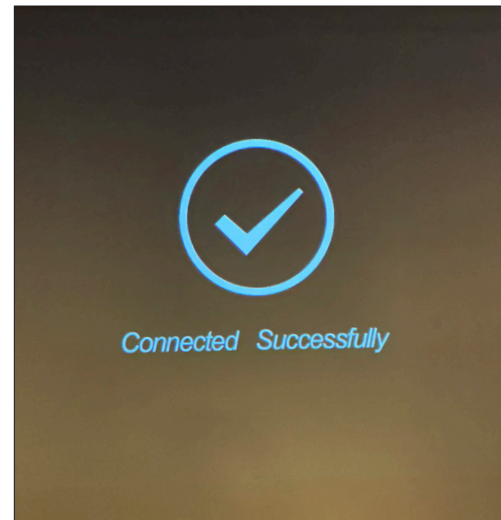

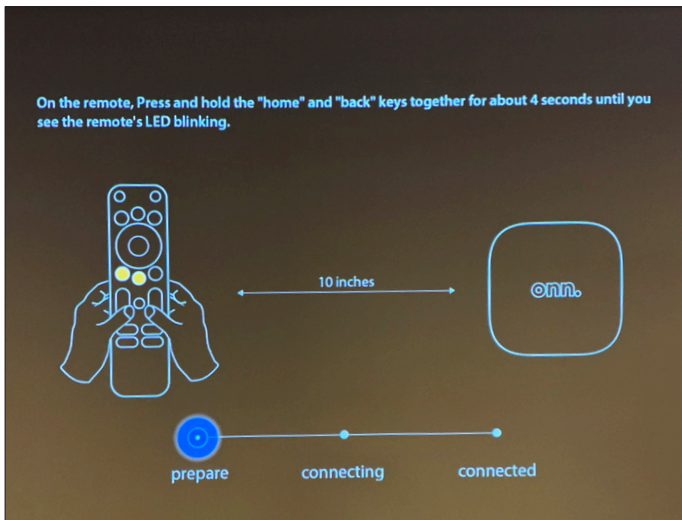

DEVICE / TV SET UP

Tune your TV to the input to which you connected the UHD TV Device

- Pair Remote Control
- Device Setup, Sign In with a Google Account using Android Phone or TV

6

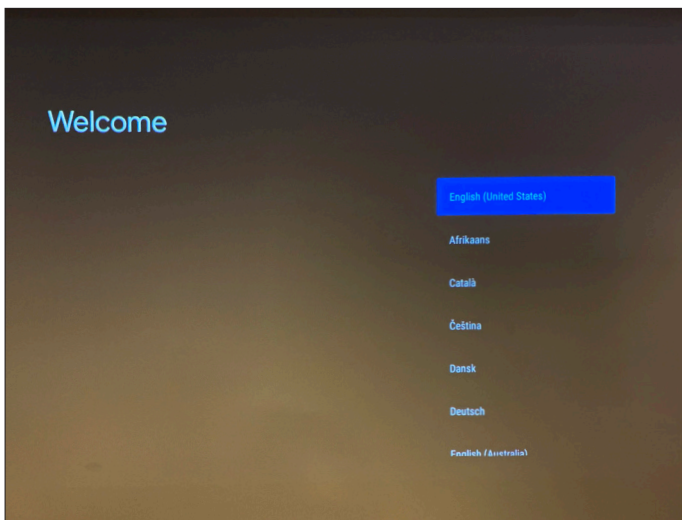

Follow the onscreen instructions to pair the remote control

On the remote, press and hold the "Home" and "Back" keys together for about 4 seconds until you see the remote's LED blinking.

7

Select a language

Use the gray outer circle on the remote to move your selection up, down, left, right, and the center white circle button on the remote when you want to make a selection on the screen.

8

Set up your TV

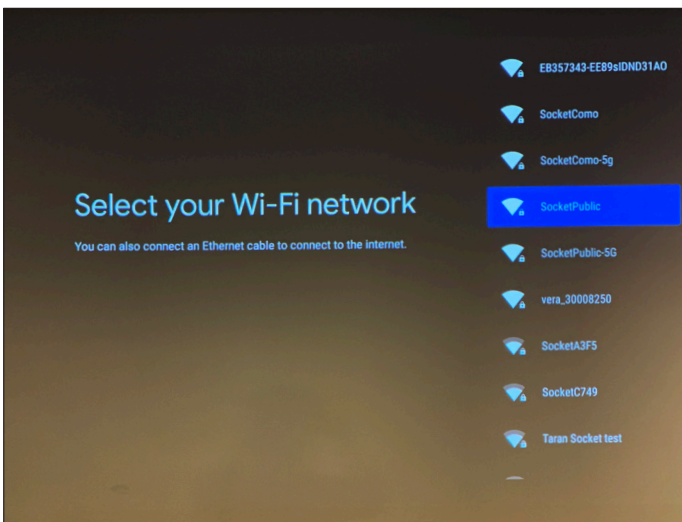

➔ If you wish to use an Android phone to complete the set up, choose **Continue and skip to Step A1**.

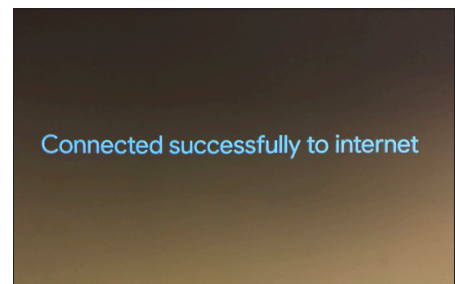

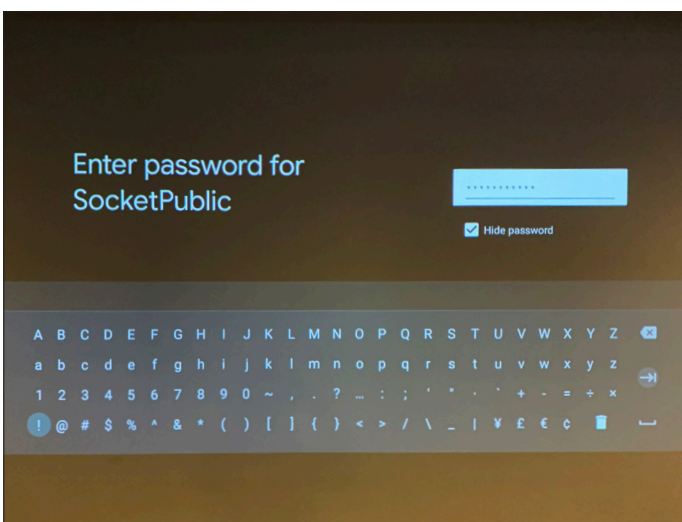

To continue on on-screen, choose **Continue**.

9

Select your home WiFi Network from the list

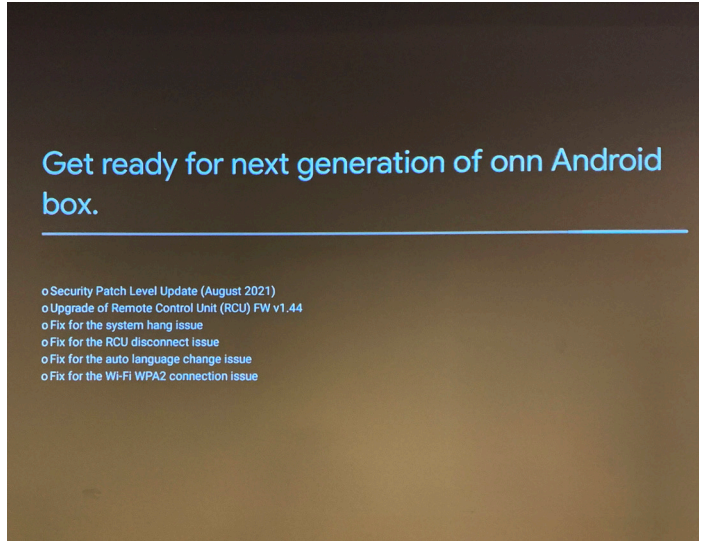

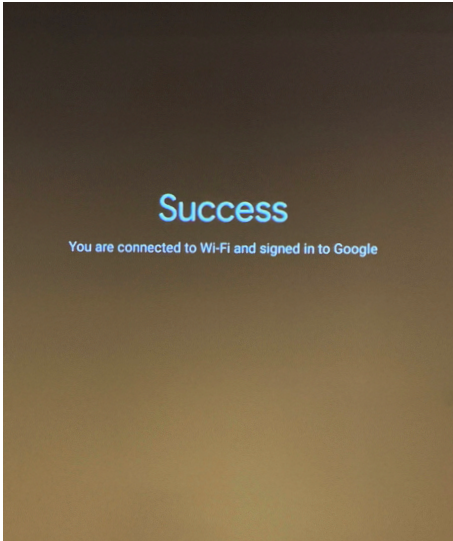

Enter the password using the on screen keyboard

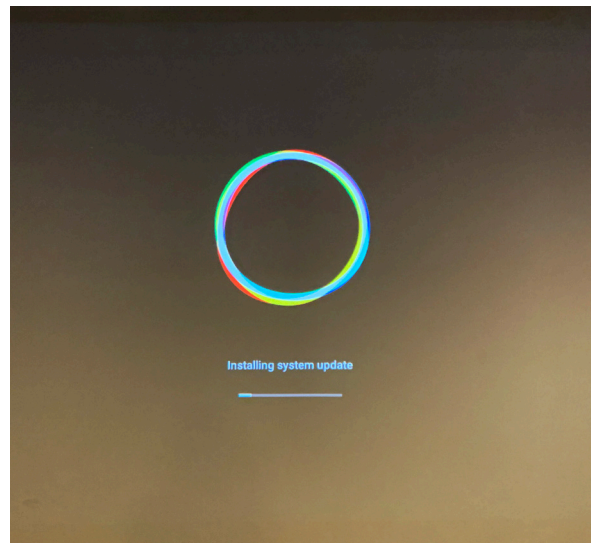

10

Automatic Software Download

The UHD TV device will now download updated software. Please be patient as this step could take a few minutes.

Device Reboot and Install

The device will reboot and install the updates.

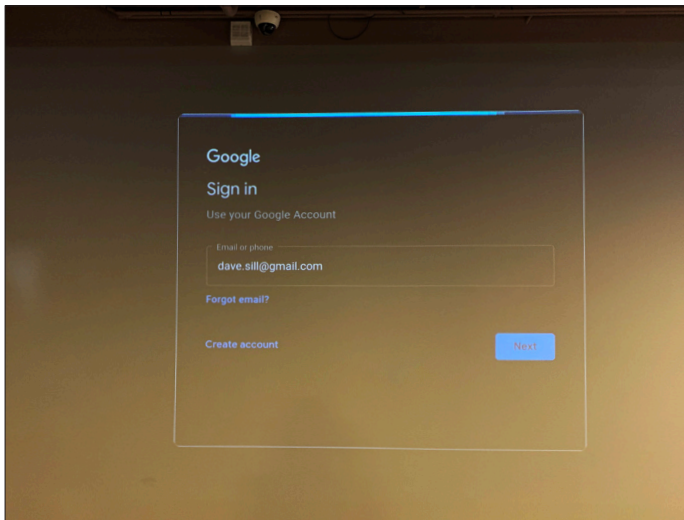

11

Sign in with your Gmail Account (Google Email)

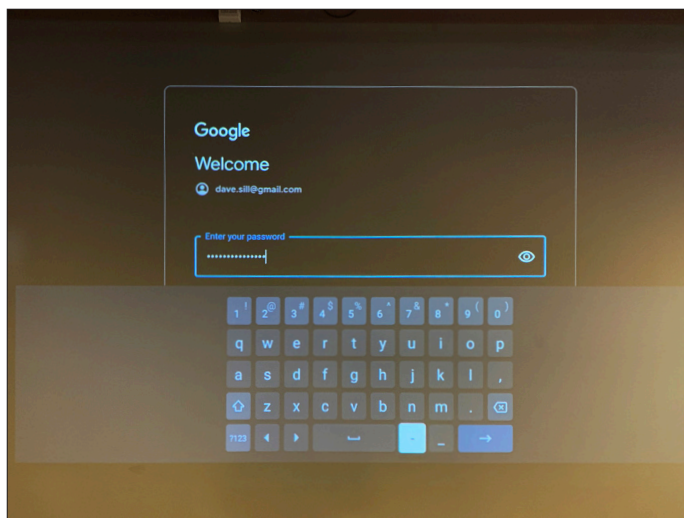

12

Enter your Google Email

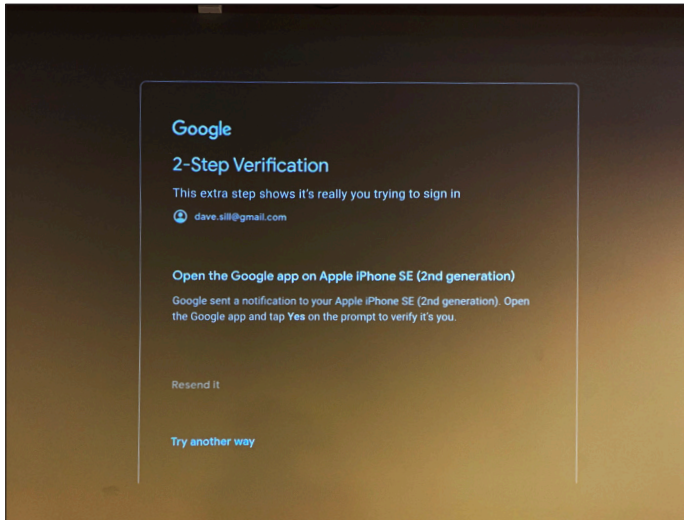

Choose the Gmail (Google Email) account you wish to use. If you don't have an existing Google Account, you'll need to choose Create Account to make one to be able to use Socket TV.

Enter your Gmail password

13

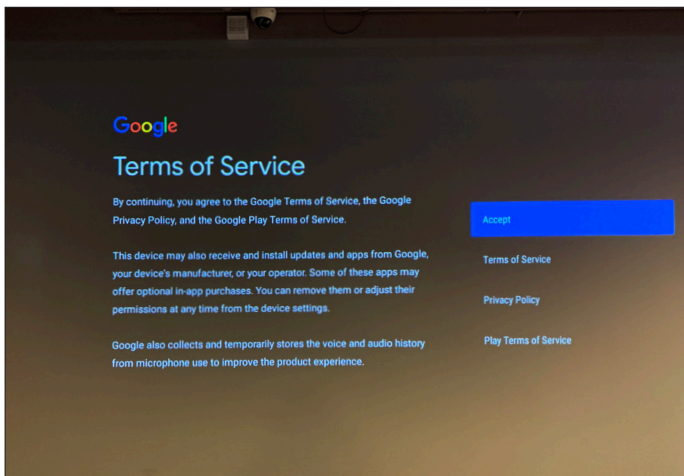

Complete the 2-Step Verification, as directed

Complete the 2-Step Verification to confirm your identity on your Gmail account.

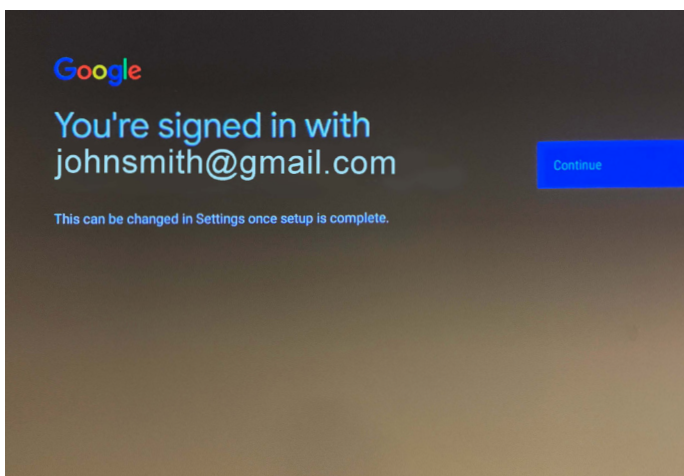

14

Accept the Terms of Service

15

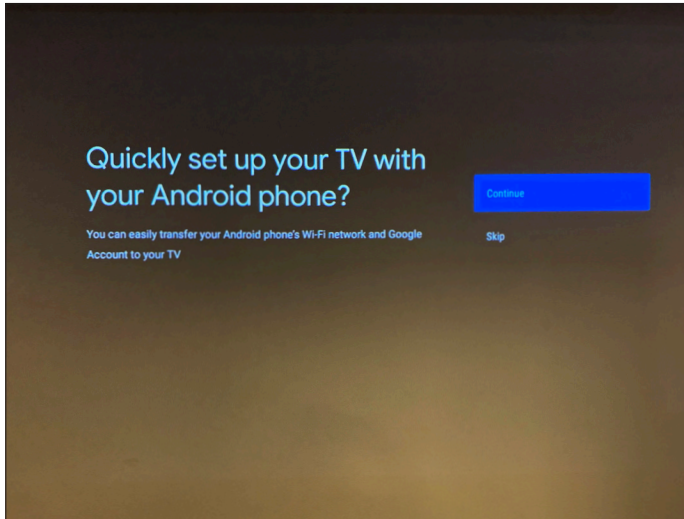

Ready to Install the Socket TV App

➔ Skip to **Step 16 to continue TV Set Up.**

A1

Set up your TV with your Android Phone

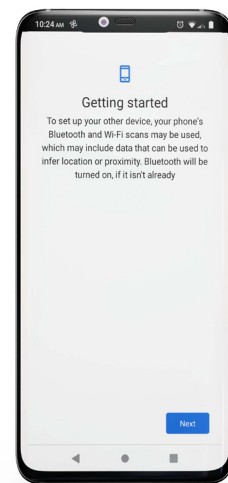

If you want to use an Android phone to complete set up, choose **Continue**.

A2

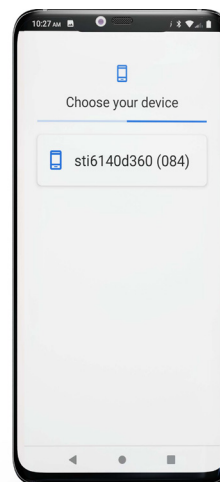

Follow the on-screen instructions to use your Android Phone for the next steps

1. On your Android phone, open the pre-installed app "Google"
2. Type or say "Ok Google, set up my device"

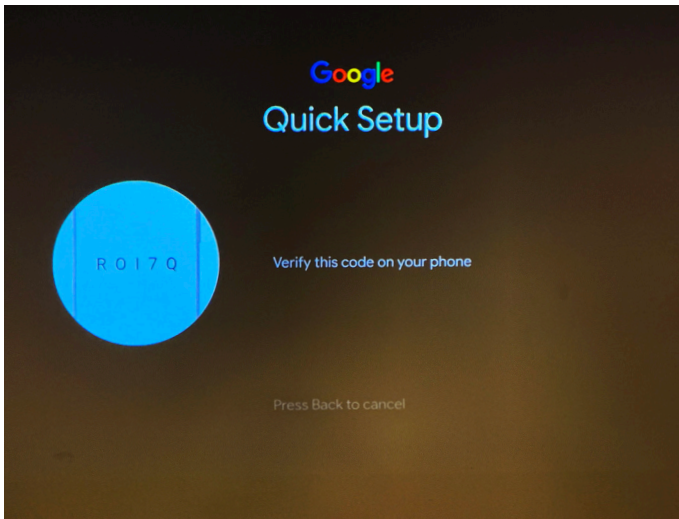

Then on your phone, click **Next**

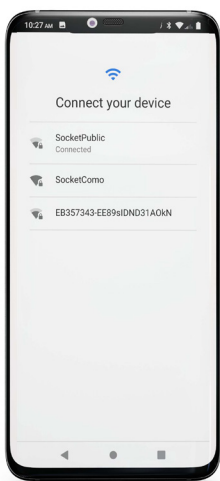

3. Tap the device number on the list.

A3

Sync your phone to your UHD Device

The TV screen will ask to verify a code on your phone screen. If they match, tap **Next** on the phone.

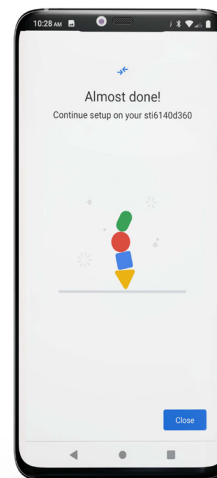

Choose the wireless internet connection to connect your device to.

Then on your phone, click **Next**.

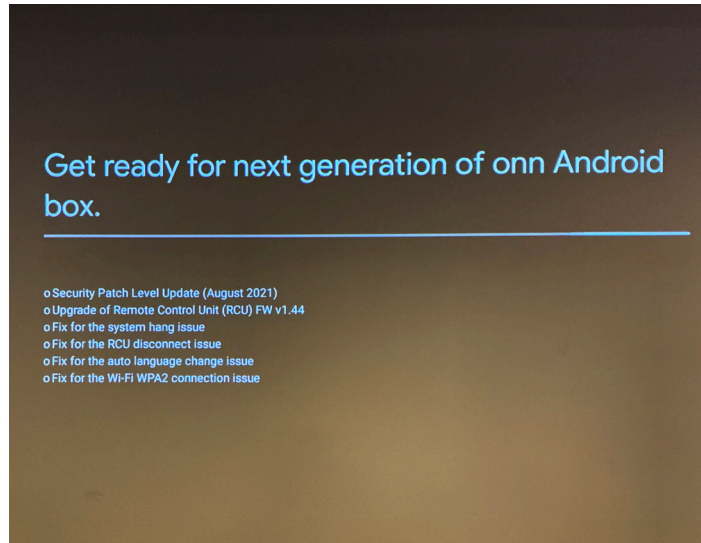

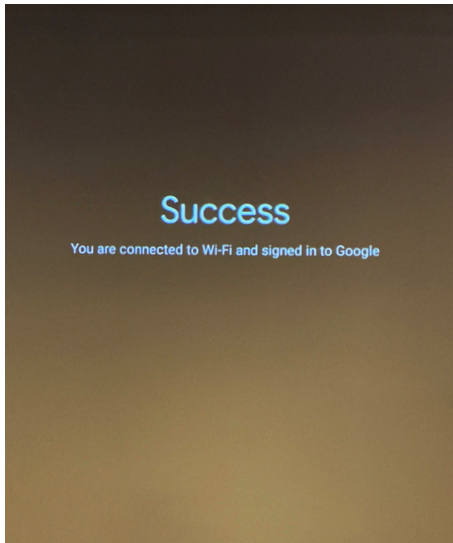

Choose the Gmail (Google email) account you wish to use. *If you don't have an existing Google Account, you'll need to create one to use Socket TV.*

You can close the Google app on your phone and continue set up on on your TV screen.

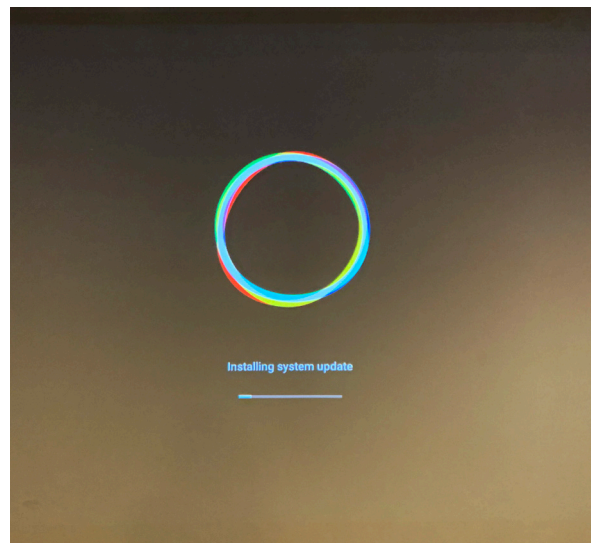

A4

Automatic Software Download

The UHD TV device will now download updated software. Please be patient as this step could take a few minutes.

Device Reboot and Install

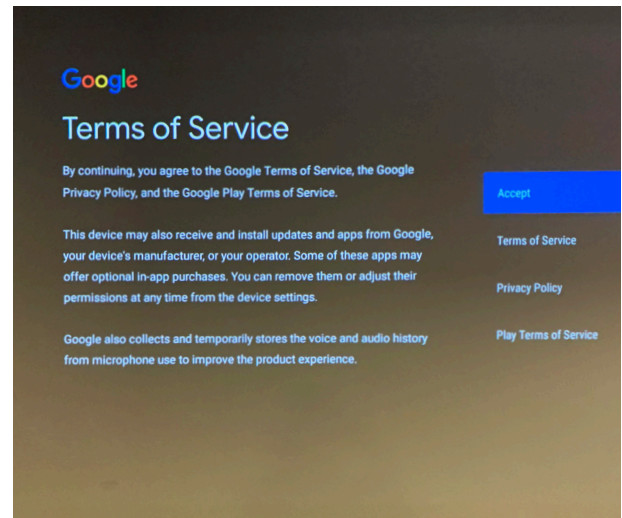

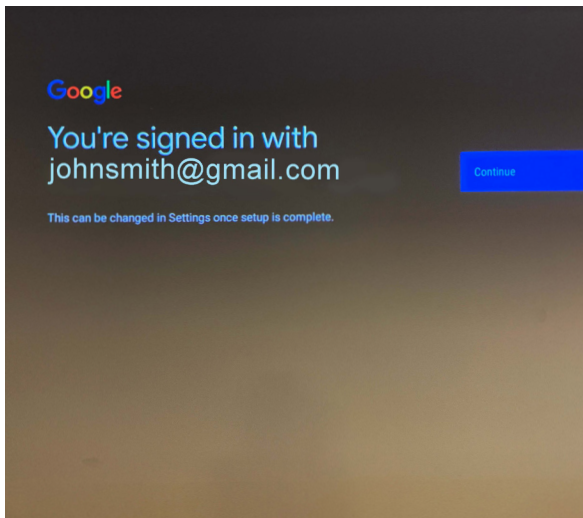

The device will reboot and install the updates. **Continue with Step 16.**

FINISH GOOGLE SETUP

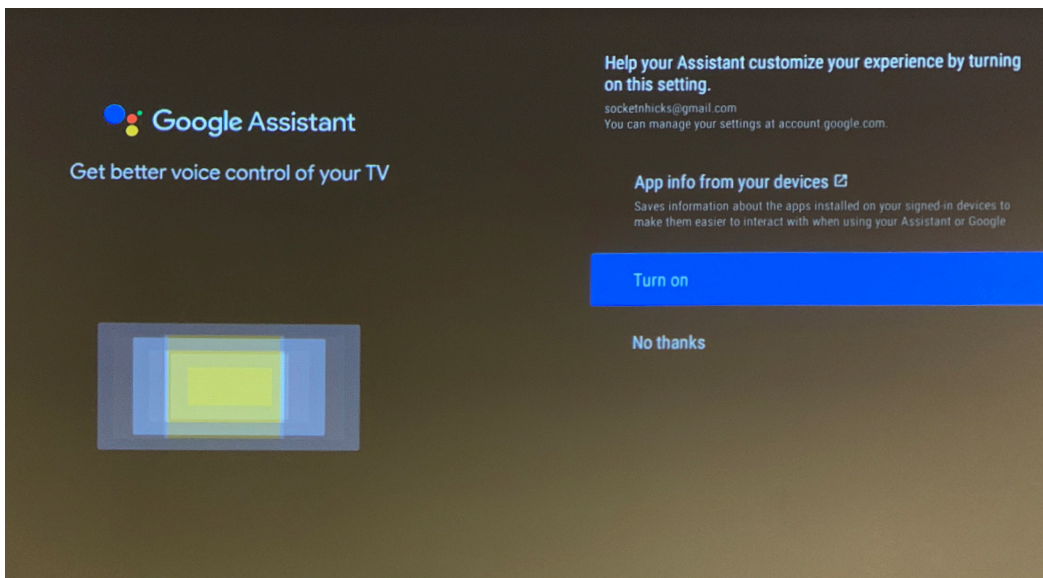

- Terms of Service Agreement
- Google Voice Assistant Options
- Review Device Features
- Configure Remote

16 Google Set Up

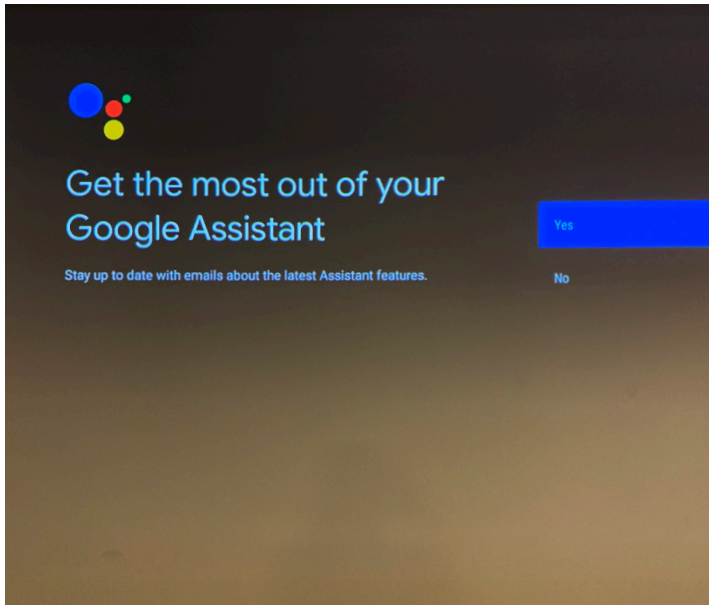

Continue with the Google account selected earlier, and agree to the terms of service (If you wish to switch to another Google account, you can do so later in Settings once setup is complete).

17 Google Voice Assistant Options

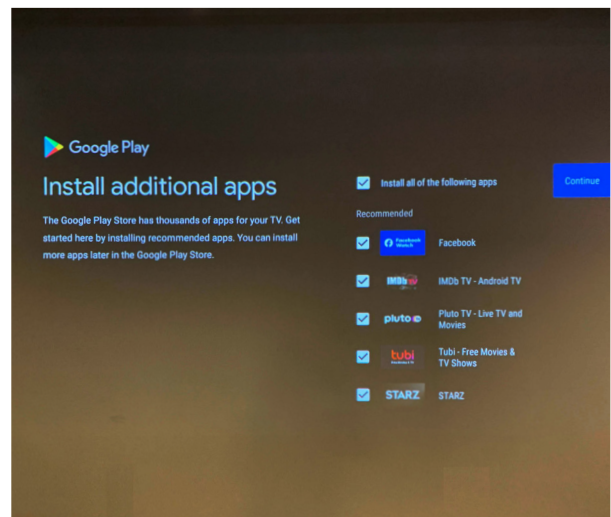

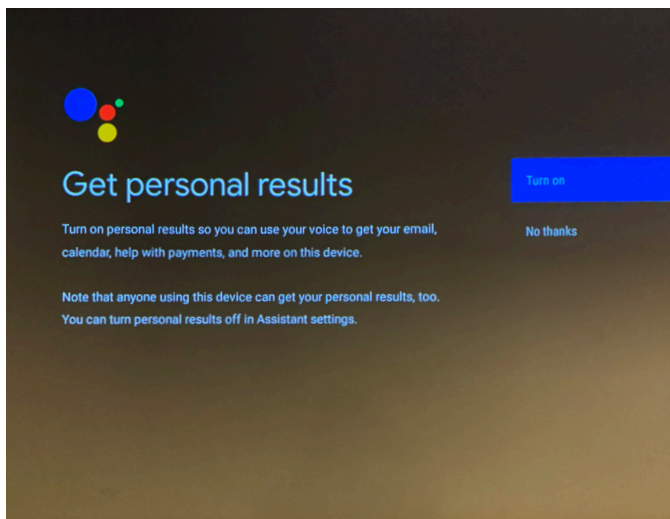

Choose whether or not to use the Google Assistant voice control and the following options associated with using it (This is not necessary to use Socket TV).

Google Voice Assistant Options, continued

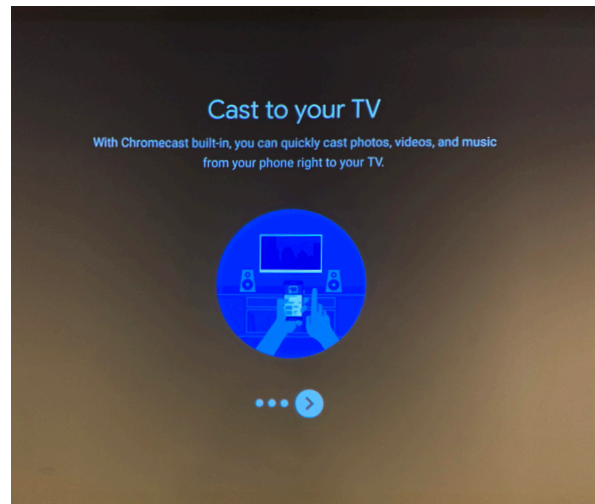

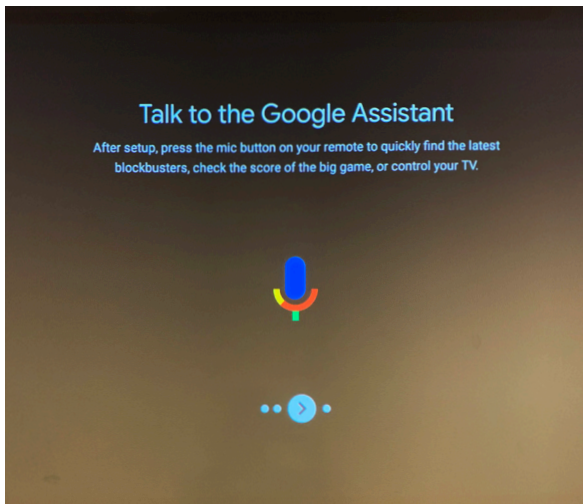

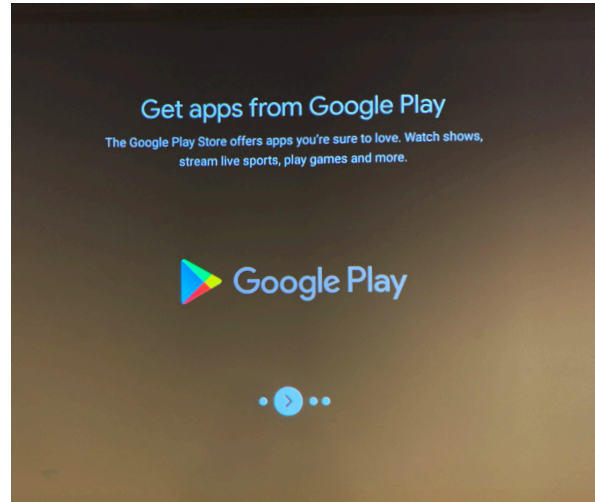

Choose to stay updated with emails about Google Assistant features.

You can also choose to set up personal results and install additional apps on your TV (These are not necessary to use Socket TV).

18

Review Features of the Device

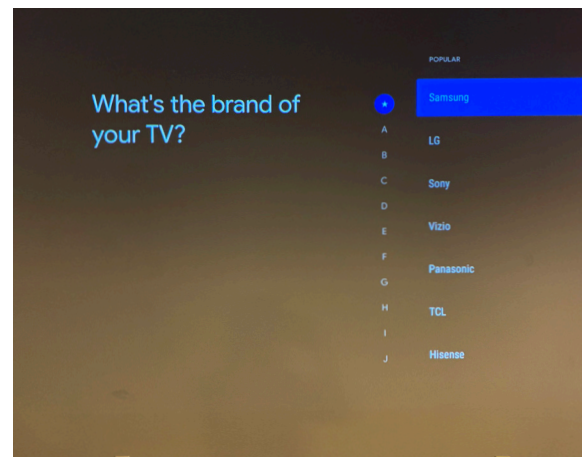

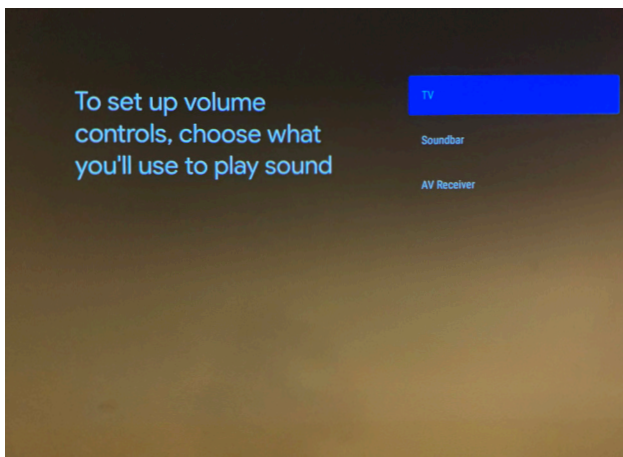

Using the remote, you can scroll through to read about some device features.

19

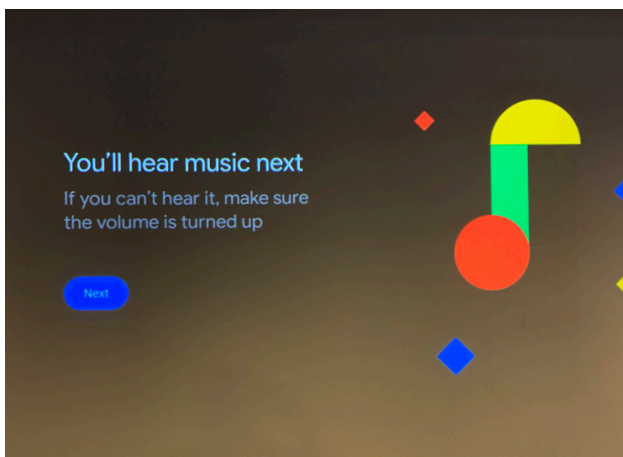

Configure Remote Control

Choose **Set Up Remote** and follow the onscreen instructions to configure the remote control.

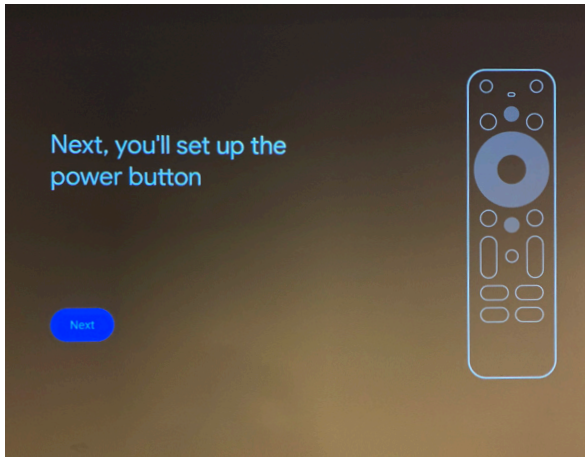

Select how you want to play sound on your TV and choose the brand.

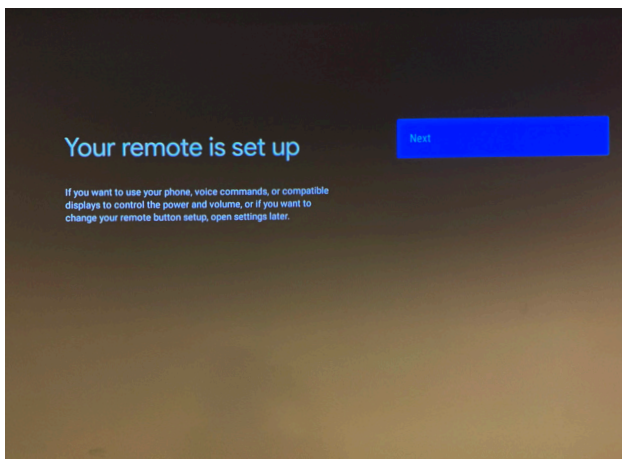

You will test the sound that comes out of the TV and use the remote to turn it up and down.

Configure Remote Control, continued

Follow the onscreen instructions to set up the power button.

Remote configuration is complete. Choose **Next**.

Setting Up Socket TV

Start watching TV

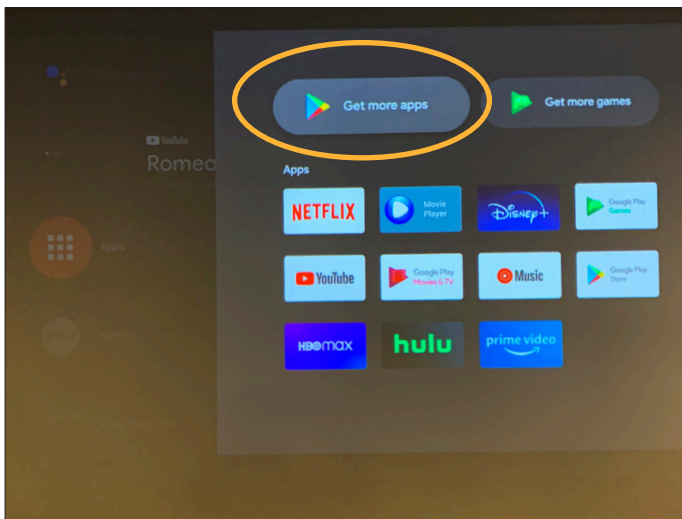

- Download Socket App
- Sign Into Your Socket Account

20 You should now see the home page for your Onn TV device.

Using the remote, select the red circle Icon that says **Apps**.

21 Get More Apps

Choose **Get More Apps** to be able to search for the SocketTV app.

22 Type "Socket TV" in the search bar

Select the **search bar** and type in "Socket TV". The SocketTV app thumbnail should show up. **Select it.**

23 Install SocketTV app to your device

Select **Install** to download and install the app.

24 Open the SocketTV app

Select **Open** to start the app.

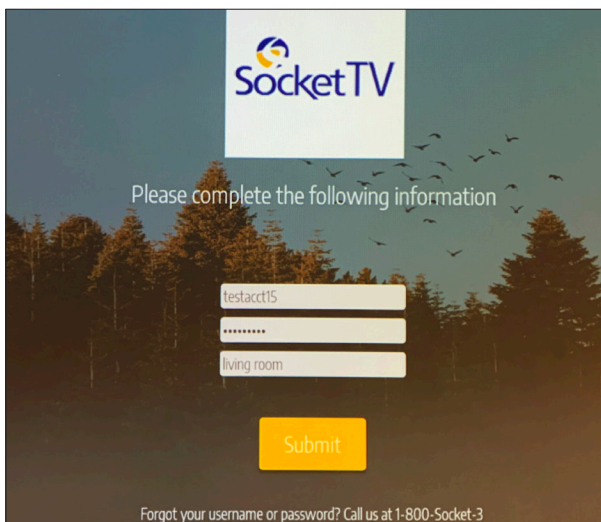

25

Sign In to the SocketTV app

The screenshot shows the SocketTV sign-in interface. At the top is the SocketTV logo. Below it, the text reads "Please complete the following information". There are three input fields: "Enter your Subscriber Name", "Enter your Subscriber Password", and "Choose your Device Name". A "Submit" button is located below the fields. At the bottom, there is a link: "Forgot your username or password? Call us at 1-800-Socket-3".

Type in your SocketTV subscriber username and password, **located on your Quick Start Guide**, and give a nickname for your device's location,

This screenshot shows the same SocketTV sign-in interface as the previous one, but with the input fields filled. The "Subscriber Name" field contains "testacct15", the "Subscriber Password" field contains "*****", and the "Device Name" field contains "living room". The "Submit" button is now highlighted in yellow. The footer text remains the same: "Forgot your username or password? Call us at 1-800-Socket-3".

Select **Submit**. If you forgot your username or password, call us at 1-800-SOCKET-3

You are now ready to watch SocketTV!
